Profile Summary:

A highly skilled Front-End Developer Leader with 5+ years of experience specializing in designing, developing, and optimizing modern, responsive, and accessible web interfaces.

Expert in HTML5, CSS3, JavaScript, Angular, ReactJS, and UI/UX best practices.

Strong leadership experience managing frontend teams, ensuring timely delivery of high-quality, user-centered digital solutions.

Core Skills:

- **Frontend:** HTML5, CSS3, Bootstrap, Tailwind CSS
- **Programming:** JavaScript (ES6+), TypeScript
- **Frameworks:** ReactJS, Angular
- **CMS:** Drupal, WordPress
- **Web Design:** Responsive (RWD), Cross-browser Compatibility
- **Performance:** Optimization (Page Speed, Lighthouse)
- **Accessibility:** WCAG 2.1 Compliance
- **Tools:** Git, GitHub, GitLab, Figma, Adobe XD
- **Methodology:** Agile/Scrum
- **Soft Skills:** Leadership & Team Management

Education:

Bachelor's Degree in Computer Science

[Syrian Virtual University]

Professional Experience:

Front-End Developer Leader

[Nasca.Tech]

January 2022 – Present

- Leading a team of 5+ front-end developers on government and private sector web projects.
- Designed and implemented fully responsive web interfaces using **React, Angular, and Tailwind CSS**.
- Worked closely with UI/UX designers to ensure pixel-perfect implementations.
- Applied accessibility best practices and ensured compliance with **WCAG 2.1** guidelines.
- Conducted code reviews, mentored junior developers, and improved coding standards.
- Managed project timelines and collaborated cross-functionally with backend and QA teams.

Front-End Developer

[Freelance]

March 2020 – December 2022

- Developed dynamic, mobile-first websites and web applications.
- Integrated front-end code with **REST APIs** developed by backend teams.
- Enhanced site performance, leading to **30%** faster load times.
- Ensured cross-browser compatibility and responsive behavior across devices.
